

OPEN THE DOOR TO OUTDOOR LEARNING

WITH ENVIRONMENTAL CHARTER SCHOOL EDUCATORS

Interested in helping children connect with the natural world?

Educators from The Environmental Charter School are excited to help you take advantage of the rich learning possibilities that lie right outside your door. We are excited to share how we get our students outside to discover the power and joy of nature. Whether you have access to multiple acres, a backyard, or an urban neighborhood, you will learn tricks of the trade from experienced educators.

"If a child is to keep alive his inborn sense of wonder...he [or she] needs the companionship of at least one adult who can share it, rediscovering the joy, excitement, and mystery of the world we live in." - RACHEL CARSON

NEED TO KNOW

WHO?

PARENTS, KIDS, & EDUCATORS are invited to meet us in Frick Park to engage in outdoor activities that will share:

WHAT?

techniques for sharpening your observation skills to find the hidden wonders in everyday spaces

- dos and don'ts - outdoor safety and logistics
- how to encourage meaningful, open-ended exploration and discovery

Please dress appropriately for weather and a short walk and/or hike.
